Aria

Quilting & Sewing Machine

FOR THE LOVE OF SEWING

FOR THE LOVE OF SEWING

Now I Can Set the Stage for a Show-Stopping Quilt

When it comes time to set the stage for quilting success, I use the Baby Lock Aria quilting machine. The Baby Lock Aria is packed with features powered by Baby Lock IQ Technology™. That means you'll enjoy quick auto-adjustments and a hassle-free sewing experience. I can make elegant turns using the advanced pivoting feature, and the Digital Dual-Feed System helps me effortlessly stitch multiple layers of fabric. Plus, the extra-large workspace gives me more room to compose bigger projects. With so many user-friendly features, I might start making more than one quilt in a day!

For the love of sewing.

Key Sewing Features

Push-Button Features

Convenient push-button features give you more freedom to focus on your project. Raise and lower the needle or presser foot, cut threads, reinforce stitches and thread your needle with the push of a button.

Larger Throat Space

Comfortably quilt with the Aria's large throat space. 11.25" to the right of the needle leaves room for thick projects and bigger quilts.

Quick-Set, Drop-in Bobbin

With a drop-in bobbin, getting ready to sew is easy. When you need a new bobbin, simply drop it in and go. The Aria will put the thread right where you need it.

Optional Accessories

Gold Standard Comprehensive Care Program

Sew with complete peace of mind with the Baby Lock Gold Standard Comprehensive Care Program. With the Gold Standard, you'll receive up to three years of unparalleled service and support for your machine. All parts and labor are covered.

Plus, you will receive an instruction course on the Aria from your retailer as well as exclusive savings on software, accessories and other products.

Multi-Function Foot Control

Give your hands more free time with the Multi-Function Foot Control. Start and stop your sewing with the main foot control and perform two convenient functions with the heel tap feature and side pedal. Choose two of these four control options: thread cutting, needle up/down, single stitch and reverse stitch.

Quilting Extension Table

Expand your workspace with the quilting extension table. It securely fits on your Baby Lock Aria so you maintain a smooth quilting surface.

Key Sewing Features

Digital Dual-Feed System

Fabric always feeds evenly when you use the Digital Dual-Feed System. Whether stitching on difficult fabric or multiple layers, the Digital Dual-Feed System will keep your fabric feeding consistently.

Enhanced Stadium Lighting

Illuminate your fabric with 10 inches around the needle. You'll see every detail of your project. Plus, the bright LED lights last longer so you won't worry about changing light bulbs.

Color LCD Touch Screen

Clearly see the details of every stitch. This large color LCD touch screen measures 7" diagonally and shows up to 260,000 colors. You'll get a bold, vivid display of your chosen stitches, machine settings and more.

NeverMiss™ Automatic Needle Threader

The NeverMiss Automatic Needle Threader does exactly what it promises. It's never been this fast or easy — the Aria threads your needle with little more than the push of a button.
