Alliance

Single-Needle Embroidery Machine

baby lock

FOR THE LOVE OF SEWING

Presenting the Alliance

The Alliance single-needle, free-arm machine lets you embroider easily in tight quarters and even on three-dimensional projects. Its narrow arm and specially designed small hoops and frames take you places with your embroidery not possible with other machines—inside pockets, embroiderable stuffed animals, even shoes!

The Alliance doesn't compromise on creativity either. With 4-spool staging, 125 built-in designs and 25 fonts to choose, as well as superior stitch-reading capacity, this machine is one you'll never outgrow.

For the love of sewing.

IQ Baby Lock IQ Technology is what makes Baby Lock machines so smart and efficient. IQ Technology works with the "brain" of your machine to help achieve exactly what you desire.

Alliance Key Embroidery Features and Specifications

IQ TruView™ LCD Color Touch Screen

This high-definition TruView LCD color touch screen brings your embroidery designs to life. It displays more than 260,000 colors, providing a bold and vivid image to aid the embroiderer in editing and perfecting each design.

Single-Needle, Free-Arm Embroidery

With its single needle and free arm, the Alliance is built to embroider items and three-dimensional spaces that are difficult for typical embroidery machines, such as inside pockets, embroiderable stuffed animals, or even shoes.

IQ Needle Beam for Embroidery

The Needle Beam highlights your needle position so you know exactly where your embroidery will start. That means perfect placement every time.

Alliance Key Features

IQ Embroider at 1,000 SPM

Embrace larger, multicolored designs and watch them stitch in no time! The Alliance reliably works up to 1,000 stitches per minute.

IQ Large Embroidery Field

In addition to its ability to negotiate tight spaces, the Alliance can expand its reach to an 8" x 8" hoop, giving the dedicated home embroiderer or business startup room to create.

Quick-Set, Built-in Bobbin Winder

The Alliance bobbin system includes an automatic bobbin winder with an independent motor. The winder seat holds the thread in place and stops automatically when the bobbin is full.

Automatic Needle Threader

Get the stitching started with worry-free threading. The automatic needle threader puts your thread through the needle so you are ready to begin stitching.

Multi-line Text & Justification

Now you can create multiple lines of text quickly and easily, without the need for constant rehooping. Plus, you can center or justify your text alignment to get precisely the look you desire.

25 Built-in Fonts

25 built-in, editable fonts to help you make every project unique, including a Large Floral Alphabet, Greek Letters, Large Appliqué Alphabet, and a Baby Lock exclusive font.

IQ 2 USB Drives (1 Type A, 1 Type B)

Use USB connectivity to quickly import designs to your machine from a computer, flash drive or CD-ROM drive. The Alliance USB drives support multiple design software formats.

Convenient Bobbin System

This front-loading bobbin system with a vertical hook makes bobbin changes a cinch. You never have to remove your embroidery hoop.

Accessories

1-1/2" x 1-3/4" Hoop

1-15/16" x 2-15/16" Hoop

2" x 2" Hoop

1-5/8" x 2-3/4" Hoop

6 Hoops Included

The Alliance comes with six embroidery hoops, ranging from the nimble 1-1/2" x 1-3/4" hoop all the way up to 8" x 8".

4" x 4" Hoop

8" x 8" Hoop

Accessory Kit

All the small essentials necessary for the daily use and maintenance of your machine are included in this handy accessories case.
